Cuban Garbanzos Fritos

Here is the Recipe From Our CEO

Cuban Garbanzos Fritos

Garbanzos Fritos is a delicious and flavourful Cuban dish. Easy to prepare, this chickpea-based meal is adaptable: skip the chorizo to make it a vegetarian meal. This recipe uses pantry ingredients and is ready in about 30 minutes.

Method

STEP 1 : First, wash and chop all your produce.

STEP 2 : Dice your onion, tomatoes, and pepper. And drain your chickpeas and slice your chorizo. Set aside

STEP 3 : In a hot pan, saute the garlic and onion in a little of olive oil - big enough to get all your ingredients in.

STEP 4: After about 2 minutes, once, the onion, pepper and garlic are golden and fragrant, add your fresh tomatoes, chorizo tomato sauce, chickpeas, oregano, cumin and salt.

STEP 5: Reduce the heat and let it simmer for 20-25 minutes.

STEP 6: Serve alone or with some rice and enjoy!

Ingredients

1/2 Onion Chopped

2 Tomatoes medium size, diced

10-15 slices chorizo

1 cup tomato sauce plain

1 teaspoon Oregano

2 cloves garlic minced

1 pepper red, yellow or orange

1 can chickpeas 250g or dried chipeas soaked and cooked

1/2 teaspoon cumin

1/2 teaspoon Salt

Get to Know your Executive Team. Our Profile Feature for September is our Director of Operations, Karen Somoano Rodriguez.

Karen Somoano Rodriguez is our Director of Operations for the Doral Automotive Group (Doral Lincoln, Ford of Kendall, and Lincoln of Cutler Bay). Karen was born and raised in Miami, FL and graduated from the University of Miami with a masters in Accounting and later became a CPA working at Ernst & Young. She attended the NADA (Dealer Academy) and worked in all departments at the dealership from service, sales, accounting and wound up falling in love with internet sales and grew that department at Doral initially as the Internet Sales Director. In 2019 we purchased Ford of Kendall and in 2020 we opened the brand new Lincoln of Cutler Bay, and then she transitioned to her role as Director of Operations over the three stores. Karen's mother Liliana has helped Karen and the company get involved in many organizations like American Cancer Society, Live Like Bella, Cystic Fibrosis foundation, Driven to Give where Lincoln has donated to many charities and local schools, Lotus House and many more. How We're Working to Keep You Safe

Strengthening Our Defense

As we enter September, we're excited to update you on how BRISCKO is strengthening our digital security to better protect you. Cyber threats are evolving, so we've made key upgrades to ensure we stay ahead and remain your trusted first line of defense.

Smarter Threat Detection

We've upgraded our threat detection systems with the latest AI-driven technology. These enhancements allow us to monitor your network 24/7, detecting unusual activity and responding immediately to mitigate any risks.

Brisko in Action

Stronger Login Security

We're strengthening our Multi-Factor Authentication (MFA) protocols. Our new MFA system provides an additional layer of security, ensuring that only authorized users can access your network and data. This upgrade is designed to protect you against unauthorized access, even if passwords are compromised.

Reliable Data Backup

Data is one of your most valuable assets, and protecting it is our top priority.

We're improving our backup system to recover it faster if anything goes wrong, ensuring minimal disruption to your work.

Thorough Security Checks

We've also introduced more rigorous security audits to identify potential vulnerabilities before they become issues. Our team conducts regular assessments of your network, devices, and applications to ensure they meet the highest security standards.

Ongoing Security Training

The FTC Safeguard Rule stresses that staff training is key to a strong security program. It reminds us that security is only as strong as the least careful employee. To keep everyone safe, regular security training and updates are essential. In addition to the required annual training managed by KPA, we also offer additional weekly micro security training for all users.

People born in September frequently have a strong creative spirit. They enjoy expressing themselves through painting, music, and other forms of creativity. Good communication skills – September-born babies are known for their remarkable communication abilities. More babies are born every day in September than in any other month of the year. So why is September the most common birth month? Turns out it has a lot to do with 9 months before that, in December — the month where couples are most likely to conceive.
